

Solar 4000 Side Wall (Pair)

Before using these sunshade walls, we strongly advise that you read all the information and guidelines in this document.

Product Elements

2 x Side walls with zip fasteners.

Assembly Instructions

1. Position each side wall on the floor next to the sunshade, so you are placing the correct wall on each side of the sunshade.
2. Line up the zip end of the wall and thread onto the sunshade zip, pull the zip until the whole wall is attached to the sunshade.
3. Peg the walls down near where it meets the side of the caravan for maximum sunshading.

Care & Maintenance

Storage and Cleaning

Never store the Sunshade Walls when they are not fully dried.

For cleaning the sunshade walls, we recommend that you use a sunshade cleaner. You can also use water and a soft cleaning cloth. For soil and dirt marks, allow to dry and brush off with a soft brush before cleaning.

Fire and Ventilation Warning

- Never place hot appliances near the walls or roof of any sunshade.
- Always keep exits clear.
- Please avoid cooking or using gas/combustible appliances inside the sunshade.
- Ensure the sunshade is well ventilated at all times to avoid suffocation.
- Make sure you are fully aware of your camping/caravan site fire safety and procedures.

Specifications

Height - 250cm
