We are one of the UK's largest distributors of Car, Caravan, Leisure & Garden Accessories. Have a look at our website and give us a call if you have any questions or would like to book a visit to see us at Trafford Park.

*If you are interested in becoming an export partner - Please use the 'Contact Us' button on our website, and send us an message.*

## Overseas export partners required.

## Conveniently located in Trafford Park

### Beginnings

Formed in 1986, from small beginnings, Streetwize Accessories have grown into a recognised international brand in over 24 countries, alongside our other brands, Leisurewize and Gardenwize, that have also proven to be a huge success.

Our extensive product range has been recognised as both innovative and at the forefront of point-of-sale presentation. These are achievements we are extremely proud of. We strive to create friendly, successful and long lasting relationships with our customers. This has been the case through years of loyal custom with some of the UK's biggest retailers.

### Where are we?

At Streetwize we are always looking towards the future and how we can grow. As such, we have recently relocated to the first and still the largest industrial estate in Europe. Trafford Park has excellent

communication links with the rest of the UK and Europe.

We are situated off Ashburton Road West within the heart of Trafford Park. Manchester City Centre is approximately 3.5 miles to the East and easy access to the regional motorway network and is obtained via Junction 9 or 10 of the M60 motorway.

Our warehouse, which includes newly refurbished offices and a showroom, has a large capacity which has doubled our storage space to 100,000 sq ft. This means we have more stock availability and capacity to continually improve our services and diversify our product range.

Alongside the main warehouse is a dedicated office team available during office hours to answer any product, price or technical queries you may have.

## Continuing innovation

At Streetwize our main ethos is to constantly evolve and be the best supplier of car and leisure accessories in today's market.

With this in mind, we are heading into the new year with a dynamic new design to our logos and packaging. We feel that this style is infinitely better than before, with simple but impactful images and text that really showcases our products. We have cut out a lot of wasteful description and stuck to the main features and benefits of the product, so that it is clear exactly what we are selling and how it helps the consumer.

As we still have older packaging in stock, this transition will take place over the course of the year, but we hope it to be a smooth and transparent changeover.

## Our NEW website

There are always several ways to make orders at Streetwize and they are detailed below. We have been making great strides this year with regards to improving our ordering processes.

Alongside the usual ways of ordering by fax or e-mail we have introduced an online ordering system. Our new website has a comprehensive listing and information of ALL our products, plus simple ways to make orders. Other key features include: view our most up to date product ranges, view your order history, check stock availability, check prices, pay outstanding balances, access previous statements. Alongside these useful features there is access to images, descriptions and our catalogue in PDF format are available to download plus much more!

**STREETWIZE are committed to supplying quality products. Alongside this we are dedicated to our environmental and ethical responsibilities and strive to limit our impact on the environment.**

We always endeavour to ensure we comply with all current European health and safety legislation. Displaying of the WEEE (Waste of electrical and electronic equipment) symbol on our packaging & products, requires the ethical disposal of all electronic products. The RoHS directive aims to restrict certain dangerous substances commonly used in electronic equipment.

## Streetwise Accessories Online

Our NEW website provides access to all our products plus current offers and any other information you may need about Streetwise Accessories. You will need to be a registered customer of Streetwise Accessories to access ALL of the useful features of our online ordering and information system.

If you are not an existing customer, but would like to register please send a copy of your official company letterhead to, [sales@streetwiseaccessories.com](mailto:sales@streetwiseaccessories.com) One of the directors will then get in touch to confirm your acceptance as a customer.

To order, use one of the methods listed below then "check out and pay" for your goods, just like any other retail website. Our dedicated sales team are always on hand to offer help and advice should you need it. **Tel: +44 (0)161 447 8580.**
