

# Magnetic Car Mount Charger

## Information for Use

Thank you for purchasing this Magnetic Car Mount Charger from Streetwize. Suitable for iPhone 16, 15, 14, 13, 12 Pro Max, Plus, Mini series, use without a case or with a Magnetic case. For Android mobile phone, use with the magnetic ring (included).

To get best use out of this product, we advise that you read all the information in this document.

## Vent Mount

1. Choose an air vent in your vehicle that does not obstruct your view of the road.
2. Rotate the knurled body of the Vent Mount to extend the securing hook (Fig.1).
3. Hook the securing arm over one of the vent's vanes.
4. Twist the knurled knob in the opposite direction to retract the hook until the Vent Mount is firmly secured in place.

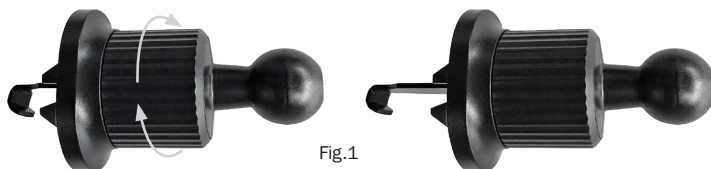

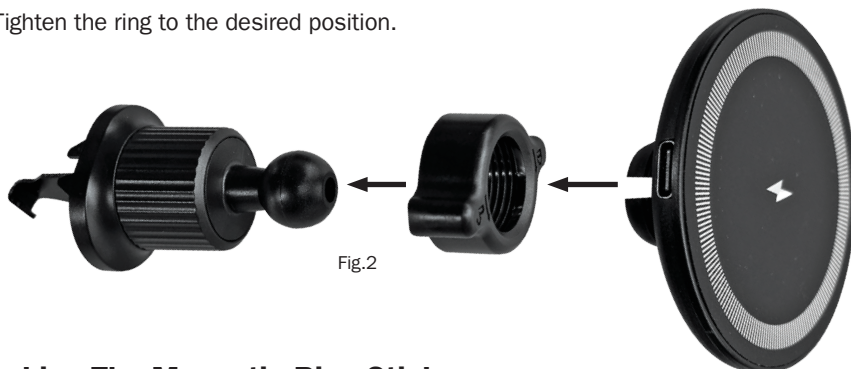

Fig.1

## Finishing Assembly

1. Unscrew the ring from the back of the magnetic phone holder.
2. Push the ball on your chosen mount through the ring and into the concave connector on the back of the magnetic phone holder (Fig. 2).
3. Tighten the ring to the desired position.

## Attaching The Magnetic Ring Sticker

1. Remove the 3M adhesive backing and apply the magnetic ring sticker to your phone case. If you don't have a case, apply directly to your phone.
2. If your phone supports wireless charging, centre the magnetic ring sticker so it doesn't interfere with wireless connectivity.

**NOTE:** iPhone users with a MagSafe-compatible case needn't use the magnetic ring sticker.

## Connect To A USB-A Power Source

1. This device needs a USB-A power source (9V/2A, 5V/2A).
2. Many new cars include USB charging ports. However, these ports generally only deliver slow charging. For best results use with a 12V quick charge adapter.

## Technical Specification

<b>Product Name:</b>	Streetwize Magnetic Car Mount Charger
<b>Product Code:</b>	SWGH34
<b>Colour:</b>	Black
<b>Input:</b>	5V/2A, 9V/2A
<b>Output:</b>	5W, 7.5W, 10W, 15W
