

# 3-Way Caravan/Motorhome Electrical Hook-Up Splitter

## Instruction Manual

*Thank you for purchasing the Leisurewize 3-Way Caravan/Motorhome Electrical Hook-Up Splitter.*

*This product is intended for use by caravanners and motorhome users who need access to more than one hook-up socket. This splitter will fit in most standard hook-up points in the UK that are commonly found in both caravan and motorhome sites.*

*This product is IP44 rated, meaning it is splash resistant and designed for prolonged use outdoors. Plus, each of the sockets comes with an attached lid to protect the socket when not in use.*

BEFORE USING THIS PRODUCT, WE ADVISE THAT YOU READ THROUGH ALL THE INFORMATION IN THIS MANUAL.

**Product Contents:** 1x Streetwize 3-Way Caravan/Motorhome Electrical Hook-Up Splitter

# 3-Way Caravan/Motorhome Electrical Hook-Up Splitter

## Instruction Manual

### How to Use the Leisurewize 3-Way Caravan/Motorhome Electrical Hook-Up Splitter

Before using this splitter, ensure that your isolation switch on your caravan or motorhome inlet is set to OFF.

1. Remove the splitter from its packaging.
2. Insert the single male end of the splitter into an empty socket at one of the hookup points and turn it clockwise until it locks in place.
3. Connect your extension cables (not included) into one of the splitter's three female sockets. Ensure the other end of the extension cable is connected into either your caravan or motorhome inlet.
4. Once connected, switch the inlet to ON.
5. When disconnecting, ensure the inlet is switched OFF before unplugging the splitter and its connected cables.

### Health & Safety

Before using this splitter, ensure that your isolation switch on your caravan or motorhome inlet is set to OFF.

1. When using the splitter, ensure it is well-positioned when connected to the hook-up point and the splitter sockets is not near any other plugs that are connected to the hook-up point.
2. For any sockets on the splitter that are not in use, please ensure the lid is closed and covering the socket for protection
3. While the splitter is splash resistant, please keep away from water to avoid electrical hazard.
4. Ensure the inlet is away from moisture and water

### Manufacturer's Warranty

This product comes with a 12 month manufacturer warranty which starts on the date of purchase. The warranty covers technical faults during the 12 month period. Any issues caused by accidental damage or wear and tear is not covered by this 12 month manufacturer warranty.

If you require any technical support within the warranty period, please contact us on:
