Intention For Use

Thank you for purchasing the Streetwize Deluxe Headrest Mount Dog Guard. This dog guard is intended for use to protect drivers, passengers and pets during car journeys and it is specially designed for use on most hatchbacks, estates and 4x4s that have headrests on the vehicle's rearseat. It is not suitable for use on saloons.

This dog guard easily fits on to your vehicle's headrest on the rear seat. Both the width and height of the guard can be adjusted to fit the shape of the vehicle's boot.

Before purchasing, we highly advise that you ensure the dimensions of this product will fit your vehicle.

To get best use of the Streetwize Deluxe Headrest Mount Dog Guard, we recommend that you read all the information in this document before using the dog guard.

Product Elements

- Streetwize Deluxe Headrest Mount Dog Guard
- 2 x Headrest mount fixing brackets
- 2 x Ceiling suction mounts

How to Assemble & Install the Streetwize Deluxe Headrest Mount Dog Guard

Important: We highly advise that two people are involved when installing this dog guard to your vehicle.

To assemble & install the dog guard to your vehicle, please follow the instructions below:

1. Remove the Streetwize Deluxe Headrest Mount Dog Guard and headrest mount fixing brackets from its packaging and dispose of the packaging in the correct manner.
2. With the supplied headrest mount fixing brackets, secure it at the bottom of the dog guard where you will find four holes on each of the poles (see Figure 1)
3. Once the fixings have been attached, unscrew the bracket using the screw caps on either side of the grip to open up the bracket. Do not fully unscrew the screw caps, only unscrew it to the end of the bolt. On doing so, you can pivot the bolts outwards, allowing you to open up your bracket, ready for you to fit on to your vehicle's rear headrests (see figure 2 & 3 below).

Fig 1

Fig 2

Fig 3

4. Make sure your boot is clear so you have enough room to install the guard. Then position the guard to your vehicle's rear seat headrests. See figure 4.

Fig 4

5. Ensure the headrest bars are properly in place inside the bracket. See figure 5.

Fig 5

6. Then, close and secure both brackets. See figure 6 & 7.

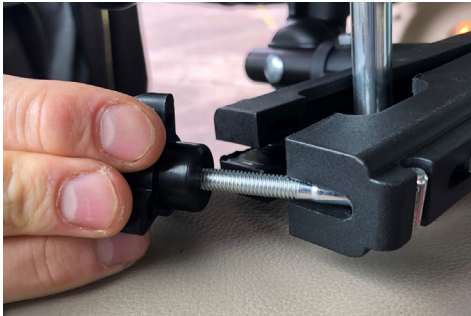

Fig 6

Fig 7

7. Once the guard has been secured to the headrests, then adjust the ceiling suction mounts on both sides of the guard. See figure 8
8. Then adjust the position of the bars. To do so, you need to unclip the bracket that is holding the bars (see figure 9 below) on both sides and position the bars accordingly. Secure by clipping the bracket in place on both sides.
9. Once you are happy with the position of your bars, then adjust the width of each of the bars. See figure 10 below.

Maintenance

The Streetwize Deluxe Headrest Mount Dog Guard has been designed to operate with minimum maintenance for a long time. The life span of the product may be prolonged by ensuring you follow all the how-to and safety instructions in this document.

We also advise that the unit is cleaned with a soft cloth on a regular basis.

Manufacturer's Warranty

This product comes with a 12 month manufacturer warranty which starts on the date of purchase. The warranty covers technical faults during the 12 month period. Any issues caused by accidental damage or wear and tear is not covered by this 12 month manufacturer warranty.

For any warranty queries, please contact the retailer where you purchased the product.

Technical Support

If you require any technical support within the warranty period, please contact us on support@streetwizeaccessories.com and provide product name and supplier code (see Technical Specifications) along with the technical query and proof of purchase.

Health & Safety

- If your pet dog suffers from anxiety or panic-related issues, please do not leave them unattended inside the vehicle.
- When using the dog guard, please ensure that your pet has enough room inside the boot for him/her to sit, lie down and stand.
