7. Never insert any foreign objects inside the 12V socket component of the product.

Product Elements

1. 230V AC UK Plug
2. Converter unit
3. 12V DC Socket

Operation Instructions

1. Remove the product out of its packaging, and dispose of the packaging in the correct manner.
2. Locate an empty UK plug socket, which must be indoors.
3. Plug the converter into the plug socket. Do not switch on the mains supply.
4. Plug in your 12V accessory to the converter via the 12V plug.
5. Switch on the mains plug socket to start operating the device.
6. Once you have finished using your 12V accessory, switch off the converter via the mains plug socket first. Then proceed with disconnecting your 12V accessory from the converter, and then unplug the converter from the mains socket.
