Max Load: 65kg

Max Speed: 50mph (80kmh)

Intention For Use

Thank you for purchasing this Easy Rack from Streetwize, a quick and easy solution for carrying a light load on short journeys. It is ideal for carrying luggage, ladders, canoes, garden waste, surfboards and more.

This soft roof rack is easy to fit, and requires no tools. And, it will fit most 2-door and 4-door vehicles. Please note, for 2-door models, the rear windows must be able to be lowered.

Comes supplied with a handy storage bag.

The Easy Rack is primarily designed for carrying light loads on short journeys. When carrying load with this rack, the advised maximum speed of 50 mph should not be exceeded.

IMPORTANT: This roof rack can carry a maximum load of 65kg. However, before placing any load on the roof rack, please refer to your vehicle's handbook to check the maximum weight that it can carry on the roof. The load should NOT exceed the maximum weight as stated in your vehicle.

PLEASE READ: The Easy Rack is primarily designed for carrying light loads on short journeys. When carrying load with this rack, the advised maximum speed of 50 mph should not be exceeded.

Product Elements

1. Easy Rack Soft Rack x 2
2. Spare load straps for extended loads x 2

Installation Instructions

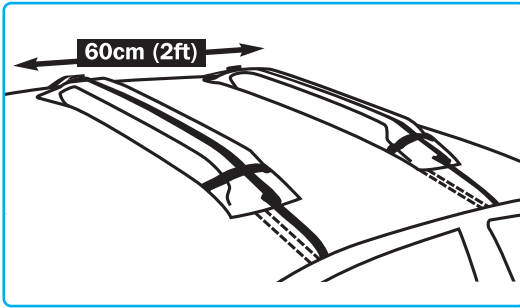

Fig. 1

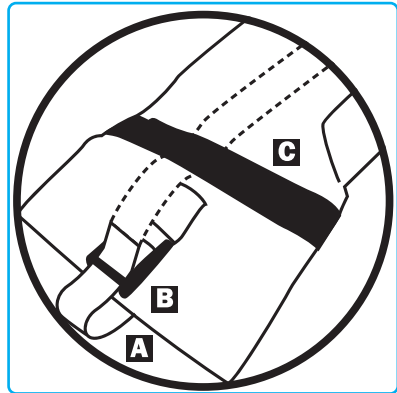

Fig. 2

Please follow the instructions below:

1. Take the product out of its packaging, and dispose of the packaging in the correct manner.
2. Once the product has been taken out of the packaging, open up both front driver and passenger doors and rear passenger doors.
3. Place the Easy Racks on the roof of the vehicle at least 60cm (2ft) apart and parallel to each other (Figure 1), with one above the front doors and other above the rear doors. Ensure the Easy Racks are correctly laid down with the webbing straps facing upwards.
4. Both Easy Racks come attached with its own buckle strap. Thread these straps (A) through the inside of your vehicle and secure it to the buckle strap (B) located on the opposite side of the Easy Rack (Figure 2). Tighten the buckle strap for a secure hold.

WARNING: Never allow the remaining length of the strap overhang outside the vehicle. Risk of obstructing other roadusers

5. With the remainder of the strap, thread it under the webbing straps (C) on both ends of the Easy Rack (Figure 2). Do not secure the strap onto the buckle on the other end.
6. Place your load onto your Easy Rack, ensuring the load is underneath the straps.
7. Then, insert the strap into the buckle and tightly secure it into place.
8. For much larger loads, please use the spare load straps.

Best Practices

When positioning your load on the Easy Rack, make sure you position the load onto the centre of the rack. Never place the load onto the side.
