4pc Locking Wheel Nut Removal Set

Instruction Manual

Thank you for purchasing this 4-piece wheel nut removal set from Streetwize.

This set includes 4 locking wheel nut removal sockets which are all made of chrome moly steel, which is a highly durable and strong alloy. The set is coated and lubricated with black phosphate coating to protect against corrosion.

Suitable for most vehicle tyres.

This manual contains instructions on how to use the set as well as info regarding the manufacturer's warranty and spare parts.

Product Content Lists

1 x moulded durable plastic storage
1 x 17 mm socket
1 x 18.5mm socket
1 x 21.5mm socket
1 x 26mm socket

NOTE: ALL SOCKETS IN THIS SET ARE FOR USE WITH 1/2" IMPACT WRENCH. CAN ALSO BE WITH 1/2" SOCKET WRENCH.

Instruction For Use

1. Select the appropriate sized socket and attach it to impact wrench driver. An adaptor may be required (not included).
2. Position the socket over the locking wheel nut on the tyre, ensuring the nut is securely inside the socket.
3. Then, with the impact driver, tighten or remove the nut as required.
4. After use, place the socket back into its case.
5. Store case in a safe place for future use.

Spare Parts

Should you require any replacement spare parts, please contact us on:

spareparts@streetwizeaccessories.com

Please provide the product name, supplier code (see Technical Specifications) and model along with the name of the part that needs replacing.

Manufacturer's Warranty

This product comes with a 12 month manufacturer warranty which starts on the date of purchase. The warranty covers technical faults during the 12 month period. Any issues caused by accidental damage or wear and tear is not covered by this 12 month manufacturer warranty.

If you require any technical support within the warranty period, please contact us on:

support@streetwizeaccessories.com

Please provide product name and supplier code (see Technical Specifications) along with the technical query and proof of purchase.
