

Illuminated Digital Double Piston Foot Pump

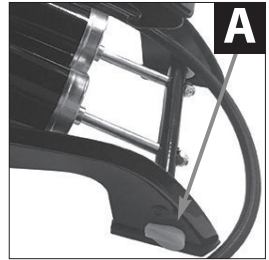

Stylish and practical foot pump with dual pistons and wide footpad

Instructions.

Please read and understand these instructions before any use and retain for future reference.

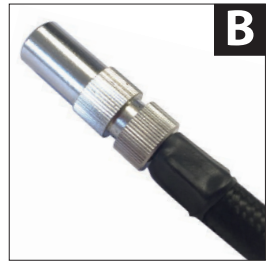

Step 1: Open.

Press the pedal towards the feet and with the other hand, rotate button/clasp (A) slowly, to release the black bar from the hooks on the foot plate.

Step 2: Connect to tyre.

Place the valve (B) on to the vehicle valve and screw to tighten.

Step 3: Choose pressure unit.

Press the 'LIGHT' button (C), then press 'UNIT' button (C) to select the pressure unit you require (PSI, Bar, Kg/cm² or KPA).

Step 4: Pump up the tyre.

Check the correct pressure required for the item being inflated. Put a single foot on the foot pad, then pump to inflate the tyre to the required pressure.

Step 5: Disconnect from the tyre.

Press the pedal towards the feet and with the other hand, rotate yellow button/clasp slowly (A), to secure the black bar onto the hooks on the foot plate.

Replacing batteries: Turn pressure gauge in the direction of the arrow opposite (C). Remove from foot pump, underneath are two battery compartments, remove the battery cover and replace batteries (2 x AAA not supplied), taking care to ensure the battery is inserted correctly. Replace the covers and re-attach the pressure gauge turning in the opposite direction until it is tight.

Battery Information

- Exhausted batteries are to be removed from the foot pump;
- Non-rechargeable batteries are not to be recharged;
- Rechargeable batteries are only to be charged under adult supervision;
- Rechargeable batteries are to be removed from the pump before being charged;
- The supply terminals are not to be short-circuited.

The WEEE symbol  on this product means that the foot pump should be ethically dismantled or recycled to minimise environmental impact. Please check with your local authority for more information.
